253 MUNICIPAL DR. THORNDALE

Street Sweeping

Street sweeping will take place Township-wide from May 16th through May 20th. Please park in driveways where possible during that week so that the streets can be swept. The sweeper will only be making one pass through the Township. Spread the word to your neighbors!

Register Your Security Camera

The Caln Township Police Department invites the community to take part in the Community Camera Program. This new safety initiative will allow residents and business owners to register the locations of their video surveillance systems with the Caln Township Police Department to help deter and fight crime in the community.

Through this camera registration program, the Caln Township Police Department will be able to identify locations of cameras that are near crime scenes and contact residents and business owners for video surveillance footage.

There is absolutely no cost to register your security camera. Registration is completely voluntary, and you can cancel your registration at any time. At no time will the police department have access to your security system remotely.

Once registered, a member of the Caln Township Police Department will contact you to verify your information. You will only be contacted by the police if there is an incident in the vicinity of your security cameras. In the event a crime occurs near your registered cameras, you may be contacted by police officers who will request a copy of video and/or images captured by your cameras over a designated time period that could assist in the investigation.

Information provided to the Caln Township Police Department regarding your camera system will be for official use only. Your personal information will remain confidential and not be distributed except as required by law or court order.

Questions about the program, registering your security cameras, or canceling your registration can be directed to Administrative Assistant Tracey Laws at tlaws@calntownship.org, or by calling 610-383-1821 weekdays between 8:00 a.m. and 4:30 p.m.

To register your camera, please complete the form at CalnTownship.org/security-camera-registration

Photo: Caln Township Leaf Composting Facility

Recycling Grant Awarded

The Township is excited to announce that we have been awarded a \$216,940 Recycling Development and Implementation Grant through the PA Department of Environmental Protection.

The grant will fund the purchase of an additional leaf vacuuming truck and support the township's yard waste composting program. This program allows township residents to rake leaves to the road side of their property for vacuuming in the fall. 756 tons of leaves were vacuumed and composted in 2021 alone!

This convenient program has grown in popularity over the years so an additional leaf truck will help accommodate all of the residents who take advantage of it.

By composting, we're able to keep over 900 tons of yard waste (including chipping and yard waste collections) out of the landfill. Once composted, leaf mulch is available for free behind the Police Department and makes a terrific addition to your garden!

Thank you to everyone who braved the chilly day to attend our annual egg hunt!

Upcoming Events at Coatesville Library

See the full list of upcoming events at <https://ccls.libcal.com/calendar/Coatesville>

- 5/14 at 12:30 PM = Build a Bluebird House
 - Free In-Person Event. Join the knowledgeable Park Rangers from Chester County Parks + Preservation to learn about native birds to our area and make a blue bird house to take home! This is a family event and all supplies will be provided! Register here: <https://ccls.libcal.com/event/9031563>
