Kristen: please see Lou's question. I suppose it depends on whether the Board is satisfied with the draft. Lou: I think the Board will need a presentation by the developer at the meeting where they consider moving the ordinance forward.

Is Caln one of those Twps. that authorizes advertising for hearing at a public mtg? If so, can we get this on the BOC September 13 agenda to authorize public hearing on Oct. 11? I assume if we file next week, it will be sent to the County so the 30 day County review period will be satisfied by 10/11.

Good afternoon Kristin

When we met a couple of weeks ago to discuss the proposed zoning amendment for the former Archdiocese property, a number of changes to the draft ordinance were suggested. We have made those changes and a few others. See attached. I didn't blackline against the last draft since it was too confusing to follow. Anyway, we'd like to reconvene with the same group that met previously to discuss after you and the Township staff/ consultants have had the chance to review.

Scheduling anything for next week is proving very difficult, but we could be available the week of 7/9. If you can get me Twp. availabilities, I will coordinate on our end.

In the meantime, if you have any questions that you and I might be able to address by phone, please don't hesitate to call. Lou

Hello!

I hope all is well. Thank you again for meeting with us last week.

In the interim between our public meetings, we will be hosting small community meetings to help answer any questions.

Is it possible to get the list of attendees from the last meeting that showed up about our project? I am hoping we can reach out to them in this way instead of relying on a resident to distribute information, which we know doesn't work.

Thank you in advance,

Respectfully yours,

Good morning Kristin. I hope all is well.

I represent Regal Builders regarding the potential development of the former Archdiocese property on Route 322 (Property). Earlier this year, my client appeared briefly before the Commissioners to present his proposal for age restricted housing and commercial development on the Property. Since that time, we have been fine tuning plans for the proposed development. We are now ready to move forward with the zoning text/map amendment which would facilitate that development.

We would appreciate the opportunity to discuss this with staff before we officially file. To that end, I have attached our draft text and map amendment as well as a sketch plan depicting potential future development of the Property. I figured that whoever you invite to the mtg. from the municipal end would appreciate an opportunity to review the materials in advance.

If you could arrange some available dates on your end, I will coordinate on ours.

Thank you for your consideration and I look forward to working with Cain on this exciting development opportunity. Lou

Draft: 5/15/2018

**AN ORDINANCE TO AMEND THE CALN TOWNSHIP ZONING
ORDINANCE TO CREATE THE AQ AGE-QUALIFIED
OVERLAY ZONING DISTRICT, TO REVISE THE ZONING
MAP TO ADD THE AQ DISTRICT EAST OF LLOYD AVENUE
AND TO ADD C-2 COMMERCIAL ZONING SOUTHWEST OF ROUTE 322
AND SOUTH OF LLOYD AVENUE, TO REVISE CERTAIN SIGN
STANDARDS, AND TO REVISE RELATED DEFINITIONS.**

WHEREAS, the Township of Caln seeks to amend the Zoning Ordinance to create a new overlay zoning district entitled “AQ Age-Qualified Overlay District” and to amend the Zoning Map to allow opportunities for additional business development near the Route 322/Route 30 interchange;

WHEREAS, the Proposed Amendment has been reviewed by the Township and County Planning Commissions;

WHEREAS, the Board of Commissioners have held a public hearing on the draft amendment;

WHEREAS, the draft zoning amendment is generally consistent with the Caln Township Comprehensive Plan;

NOW, THEREFORE, under the authority and procedures of the Pennsylvania Municipalities Planning Code, the Board of Commissioners of Caln Township hereby ordains and adopts the following Zoning Ordinance Amendment:

Section 1. In the list of zoning districts in Section 155-14.C., the following text is added:

“(6) AQ Age-Qualified Overlay District”

Section 2. A new Section 155-48 is hereby added:

“155-48 AQ Age-Qualified Overlay District

A. Purposes.

The AQ District is intended to provide for the needs of older persons in residential developments that meet the requirements for “Housing for Older Persons” as defined in Title 42, Section 3607 of the Code of Federal Regulations. The district also is intended to provide for accessory uses to serve the needs and desired amenities of older persons. To recognize that compared to housing that is not age-restricted, the average household of persons aged 55 and older does not create burdens upon the public school system, creates little demand for athletic fields, generates less traffic, involves lower water and sewage

flows, and needs fewer parking spaces. These trends are particularly pronounced as the residents of the development age in place.

B. Applicability.

- (1) The AQ Overlay District comprises a complete set of use regulations, dimensional requirements and open space requirements that are an optional alternative to the regulations of the underlying zoning district regulations. The applicant is required to choose whether to use the regulations of this Overlay District or the underlying zoning district, but cannot mix various provisions of the two districts on the same lot. Where conflicts exist between two provisions of Township ordinances that address the same matter, the provisions of this section shall apply.
- (2) When a development is approved under the AQ Overlay District provisions, all of the parking, sign, administrative, environmental protection, floodplain and general regulations of the Zoning Ordinance continue to apply, except for specific standards that are modified by this Section within the AQ District. Sections 155-54, 155-55, 155-57 and 155-63 shall not apply when the AQ District provisions are utilized.
- (3) For the purposes of this Section, an “Age-Qualified Residential Development” is defined as a primarily residential development which meets the requirements to be considered “Housing for Older Persons” in the United States Fair Housing Act (42 U.S.C.A. Section 3601 et seq.), as amended by the Housing for Older Persons Act of 1995, and which also meets the requirements of this Section.
- (4) For the purposes of this Section, a “Continuing Care Retirement Community” is a type of “Age-Qualified Residential Development” that includes two or more types of uses that are permitted by right in the AQ district, such as age-qualified apartments, a personal care center and a nursing home, and which is intended to allow residents to move from one part of the community to another as their needs change.

C. Permitted by Right Uses in the AQ Overlay District, provided they are within an Age-Qualified Residential Development.

- (1) Community Center, which also may include a rental, sales or management office for the development
- (2) Single family semi-detached dwelling
- (3) Apartment buildings
- (4) Single family detached dwelling
- (5) Townhouse dwellings
- (6) Home Occupations: Category 1 or Category 2, provided that exterior signs shall not be allowed.

WHEREAS, the Comprehensive Plan recognized that a density incentive and flexibility in dimensional standards should be offered if housing is limited to at least one resident age 55 or older, with no permanent residents under the age of 18; and

WHEREAS, the Board recognizes that there is a growing need for residential developments that cater to older populations and meet the requirements for “Housing for Older Persons” as defined in the Fair Housing Act, 42 U.S.C.A. Dear Kristen:

As you know, this firm represents Wild Meadows, LLC (“Applicant”) in connection with its request to establish an AQ-Age Qualified Overlay District on its property located at the intersection of North Lloyd Avenue and Route 322 (“Application”), which was filed with the Township on September 4, 2018. In response to comments received from staff and the Board of Commissioners, Applicant has updated the proposed Zoning Ordinance Text and Map Amendment. Accordingly, enclosed for filing is the updated version of the Zoning Ordinance Text and Map Amendment and an updated Chester County Act 247 Referral Form.

Based on our discussion with the Board of Commissioners at its meeting last evening, we are requesting that the Zoning Ordinance Text and Map Amendment be forwarded to the County Planning Commission and the Township Planning Commission for review. We plan to attend the November 20, 2018 Township Planning Commission meeting for discussion on the Application.

As always, please feel free to contact us with any questions. Thank you for your attention to this matter.

Very truly yours,

Good afternoon Kristin

When we met a couple of weeks ago to discuss the proposed zoning amendment for the former Archdiocese property, a number of changes to the draft ordinance were suggested. We have made those changes and a few others. See attached. I didn't blackline against the last draft since it was too confusing to follow. Anyway, we'd like to reconvene with the same group that met previously to discuss after you and the Township staff/ consultants have had the chance to review.

Scheduling anything for next week is proving very difficult, but we could be available the week of 7/9. If you can get me Twp. availabilities, I will coordinate on our end.

In the meantime, if you have any questions that you and I might be able to address by phone, please don't hesitate to call. Lou

Good morning Kristen

Kristin Camp has given us a markup of the proposed ZO amendment regarding the Age Qualified housing. I understand she still has to discuss her draft with staff and we are going over it now as

well. Anyway, Kristin suggested, and I agree, that it would probably be beneficial to have our client give a brief overview of the project tomorrow night before the PC . We won't focus in the mechanics of the ordinance draft since it is still a work in process, however, I don't believe the PC has ever seen the concept. If we present tomorrow night, we'd like to be in position to get the ordinance finalized over the next week or so, officially file, and return to the PC for a September recommendation.

Can you let me know whether this can be on the agenda tomorrow night? Thx. Lou

**RE: Wild Meadows, LLC – 5030 Horseshoe Pike
Zoning Ordinance Text and Map Amendment Application**

Dear Kristen:

As you know, this firm represents Wild Meadows, LLC (“Applicant”) in connection with its request to establish an AQ-Age Qualified Overlay District on its property located at the intersection of North Lloyd Avenue and Route 322 (“Application”), which was filed with the Township on September 4, 2018. In response to comments received from staff and the Board of Commissioners, Applicant has updated the proposed Zoning Ordinance Text and Map Amendment. Accordingly, enclosed for filing is the updated version of the Zoning Ordinance Text and Map Amendment and an updated Chester County Act 247 Referral Form.

Based on our discussion with the Board of Commissioners at its meeting last evening, we are requesting that the Zoning Ordinance Text and Map Amendment be forwarded to the County Planning Commission and the Township Planning Commission for review. We plan to attend the November 20, 2018 Township Planning Commission meeting for discussion on the Application.

As always, please feel free to contact us with any questions. Thank you for your attention to this matter.

Very truly yours,

LOUIS J. COLAGRECO, JR.

Subject: Regal Builders

Good morning Kristin. I hope all is well.

I represent Regal Builders regarding the potential development of the former Archdiocese property on Route 322 (Property). Earlier this year, my client appeared briefly before the Commissioners to present his proposal for age restricted housing and commercial development on the Property. Since that time,

we have been fine tuning plans for the proposed development. We are now ready to move forward with the zoning text/map amendment which would facilitate that development.

We would appreciate the opportunity to discuss this with staff before we officially file. To that end, I have attached our draft text and map amendment as well as a sketch plan depicting potential future development of the Property. I figured that whoever you invite to the mtg. from the municipal end would appreciate an opportunity to review the materials in advance.

If you could arrange some available dates on your end, I will coordinate on ours.

Thank you for your consideration and I look forward to working with Caln on this exciting development opportunity. Lou

Good afternoon Kristin

When we met a couple of weeks ago to discuss the proposed zoning amendment for the former Archdiocese property, a number of changes to the draft ordinance were suggested. We have made those changes and a few others. See attached. I didn't blackline against the last draft since it was too confusing to follow. Anyway, we'd like to reconvene with the same group that met previously to discuss after you and the Township staff/ consultants have had the chance to review.

Scheduling anything for next week is proving very difficult, but we could be available the week of 7/9. If you can get me Twp. availabilities, I will coordinate on our end.

In the meantime, if you have any questions that you and I might be able to address by phone, please don't hesitate to call. Lou

Thank you, Ray-

I was actually going to call you today, I'm glad you reached out.

We will certainly keep the driveway open during the demo. We will also be notifying the Township 48HRS in advance as per the permit instructions.

We are concerned about safety on the site. The neighbors have broken down the door and pushed the frame in twice and used bolt cutters to get into the house. You can see photos and videos online.

We put fencing up around the house for safety purposes.

Should you need anything from us- please don't hesitate to call.
